

PUTSCH-MENICONI “UNIVER” Heavy Duty Manual Vertical Panel Saws

Model SVP 133 Economy

UNIVER saws are built with a one-piece, heavy duty welded steel frame for strength and rigidity. These machines come from the factory with the newest “CE” (European safety) codes including self-braking motor and heavy duty slotted aluminum supports. Options available are micro- adjustable scoring unit, repetitive rip device, manual shifting grid and pop up rollers. These saws come with a factory guaranteed cutting accuracy of 0.1 mm over one meter length (with factory installation). **Factory extended 3 year warranty.**

Additional Standard Equipment:

- 4.8 HP motor for connection at 230/460/3/60
- Overload protection
- Hinged support rail
- Self contained dust collector and vacuum hose
- One panel stop
- Four reference stops for horizontal cutting
- Carbide tipped saw blade (mounted)

- Additional stop
- PRO-SCALE horizontal digital readout
- PRO-SCALE vertical digital readout (including KERF compensation)
- PRO-SCALE horizontal/vertical digital readout kit
- Miter fence

Specifications:

- Maximum length of cut: 126"
- Maximum height of vertical cut: 75"
- Maximum height of horizontal cut: 61"
- Depth of cut: 2.3"
- Motor: 4.8 HP
- Circular saw speed: 6000 RPM
- Saw blade diameter: 250 mm
- Arbor diameter: 30 mm

Overall Dimensions:

- Length: 176"
- Height: 95"
- Width: 48"
- Net weight: 1364 lbs
- Gross weight: 1750 lbs

Electrical Requirements: 14 AMPS at 230 V
